

EMS EVALUATOR

WHAT: The purpose of the Evaluator Workshop is to teach methods and techniques to enable people to provide reliable and objective practical skill evaluations while properly using evaluation skill forms identified by the Washington State Department of Health. Topics include:

- ❖ Roles and Responsibilities of the EMS Educator/Evaluator
- ❖ Administrative Issues
- ❖ Legal Issues in EMS
- ❖ The Evaluator is an Educator
- ❖ Evaluation Techniques
- ❖ Putting it all into Practice

WHO: Currently certified EMS providers who have successfully completed at least one certification cycle.
